

# Round Numbers

## Skill 4 - 2G

Examples (rounding rules on previous worksheet)

Round 368,749 to the nearest hundred thousand.

<p style="text-align: center;"><b>Step 1</b></p> <p>Find the place that you want to round to and underline it if it helps you.</p> <p>Round to the hundred thousands place. ↘</p> <p style="text-align: right;"><u>3</u>68,749</p>	<p style="text-align: center;"><b>Step 2</b></p> <p>Look at the digit to the right of the place that you are rounding to.</p> <p style="text-align: center;">↓</p> <p style="text-align: center;"><u>3</u>68,749</p>
<p style="text-align: center;"><b>Step 3</b></p> <p>The number 6 is greater than 5 (look at step 2). So, increase the digit in the place we are rounding to by 1.</p> <p style="text-align: center;">↓</p> <p style="text-align: center;"><u>4</u>68,749</p>	<p style="text-align: center;"><b>Step 4</b></p> <p>Change all of the digits to the right of the rounding place to zeros.</p> <p style="text-align: center;">400,000</p> <p>So, 368,749 rounded to the nearest hundred thousand is 400,000</p>

Round 1,425,000 to the nearest hundred thousand.

Find the place that you want to round to and underline it if helps you. 1,425,000

<p>The number to the right of the underlined digit is less than 5.</p> <p style="text-align: center;">↓</p> <p style="text-align: center;">1,<u>4</u>25,000</p>	<p>So, the digit in the rounding place stays the same. Change all the digits to the right of the rounding place to zeros.</p> <p style="text-align: center;">↓</p> <p style="text-align: center;">1,<u>4</u>00,000</p>
-----------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**Directions:** Round the numbers to the nearest hundred thousand.

<p>1.                    254,231</p> <p>_____</p>	<p>2.                    5,635,025</p> <p>_____</p>
---------------------------------------------------	-----------------------------------------------------
