Understanding Slide, Flip, Turn

Shapes can be moved in different ways.

<p>This move is a slide.</p>	
<p>This move is a flip. (The dots help to see how the shape was moved)</p>	
<p>This move is a turn.</p>	

Begin Here

Directions: Look at the figure on the left. Now look at the figure on the right. Circle the answer that describes the move.

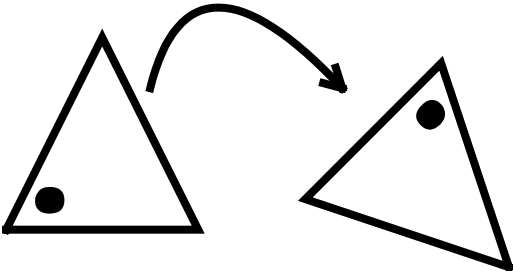

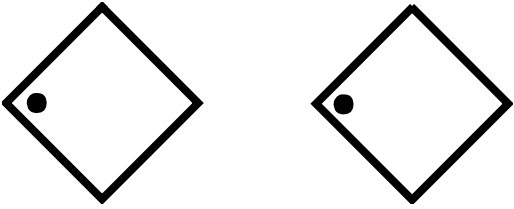

<p>1.</p> <div style="text-align: center; padding: 10px;">  </div> <p style="text-align: center; margin-top: 10px;"> <input type="checkbox"/> slide <input type="checkbox"/> flip <input type="checkbox"/> turn </p>	<p>2.</p> <div style="text-align: center; padding: 10px;">  </div> <p style="text-align: center; margin-top: 10px;"> <input type="checkbox"/> slide <input type="checkbox"/> flip <input type="checkbox"/> turn </p>
